Gross prices in GBP. Price list valid from 22.03.22 until further notice.

This offer is intended for information purposes only and does not constitute the offer in the meaning of Art. 66 and 661 of the Civil Code.

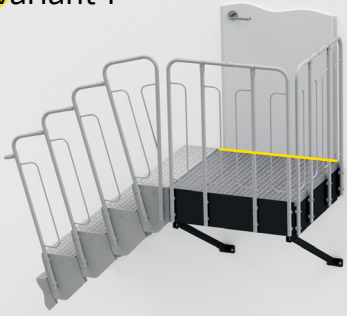

* - standard colour RAL 9005

The set does not include balustrades.

** - There is also a 894x260x40 mm variant for the bearing board available (without a substructure).

Due to the use of natural wood in steps and landings, the manufacturer allows a difference in the planks colour.

variant 12

variant 13

variant 14

The platforms have fixed 900x900 mm usable dimension.

Connecting of landings possible.

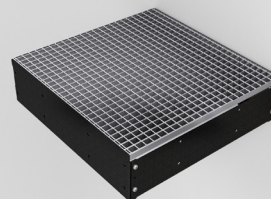

All steps connected to the landing are on the same level.

* - For variant 12 and 13 only two types of balustrades available: fi 4 mm wire lines and fi 12 mm tubes.

Variant 13 is the mirror image of the variant 12.

Anchoring to the bearing wall according to the assembly manual is required.

— — — — — - Anchoring points
